

MOTION BY SUPERVISOR DON KNABE

April 28, 2015

Small businesses bring tremendous benefit to our communities, the economy, and our local marketplace in Los Angeles County.

“National Small Business Week” will take place May 3 through May 9, 2015.

This effort is a part of a coordinated national campaign that recognizes the critical contributions of entrepreneurs and small business owners. A vibrant economy requires that entrepreneurs and small business owners have access to assistance in business opportunities. In Los Angeles County, this resource is our Department of Consumer and Business Affairs.

I, THEREFORE, MOVE that the Board of Supervisors proclaims May 3 through May 9, 2015, as “National Small Business Week” throughout Los Angeles County, and we encourage all citizens to support local small businesses.
